The Village of Hope

**Take a tour of
where you'll be
staying....**

Here's the living room & dining area.

It's nicely furnished and in the evening and even on a rainy day there are tons of movies, books and games to keep everyone in the family entertained.

Here are the two comfortable bedrooms.

The first bedroom sleeps two and the second sleeps three.

There is also that big couch in the living room to accommodate an extra guest.

You will also enjoy the well equipped kitchen. It has absolutely everything you need (frig/freezer, range, microwave, toaster, mixer, coffee maker, pots, utensils, plates and glasses, etc., etc., etc., Cook as much or as little as you want.

Oh, we almost forgot to show the bathroom...

And the fabulous backyard.
